

# EAW MOUNTS FOR SWAROVSKI SR SCOPES

The new EAW pivot mount model (registered design applied for) is perfectly geared to the new SR scopes from Swarovski.

These elegant mounts with the usual EAW precision combine the scope with the rifle in an optimal way. The interlocking teeth integrated in the front foot engage into the scope rail teeth without any play, so that there is no possibility of slippage.

Mod. 2400

Mod. 2405/0120/20

Mod. 2410/0100

Mod. 2412/0

Mod. 2400/13

## • Mod. 2400 complete mount

Description	Extension mm	Height mm	Order No.
<b>complete mount</b>	20.0	17.0	2400-00 ...

Please complete the order number with the reference number for the appropriate rifle – see pages 3 and 4 of the EAW catalog, for example: Sauer 202 - reference number of rifle: 659 – order number: 2400-00659.
